 Fakse Ladeplads,
 Denmark.

Dear OM;

Thanks very much for yours of June 20th about Danish calls for the International Amateur Call Book. I hope that before it goes to press, provided it does, I will hear from you that licenses are being granted. Then dont forget to send me any available list of fellows or clubs who should be included.

YEC wrote me a short time after you saying he expected to take a position with the W. E. Co. and might be moving to other QRA so it is doubtful if he will be among those present in the call book.

Migosh, OM, that was hard luck about your getting flu and jaundice at exam time; I know its no joke as I pulled a fine case of mumps just before finals in college and very nearly had to repeat the year. The profs were a decent bunch, however, and let me take my exams later after I had gotten well and I managed to scrape thru somehow.

Again tnx for your trouble, OM, and please keep me informed of any change in the Danish amateur status. Hope you have a bully good summer.

Best 73s,

C. A. Service Jr.
